A number of units within the degree have 'prerequisites'. These prerequisites must be met before enrolment in the unit is permitted. Generally these prerequisites require the successful completion of a unit or units taken at an earlier stage in the course. Students should pay particular attention to these prerequisite requirements as failure to meet these can seriously hinder progression through the course.

## Placement

ABCJ students need to complete **both capstone units ECY3003 and ECY3004**.

In third year students enhance the skills and knowledge previously developed, requiring them to exercise a higher degree of autonomy and responsibility. In this industry placement the students complete 200 hours in the one organisation.

The priority is to have students involved in placement that further develops their professional practice and engagement within the sector and provides an opportunity to apply the level of expertise they are rapidly developing within their academic studies.

Placements can occur at any time throughout the academic year dependent on host organisation needs and student availability. Students negotiate their placement schedule with the workplace supervisor.
