# ABOUT US

## Innovate with purpose

Victoria University (VU) is ranked firmly in the Top 2% of the world's best universities.

We house Australia's first and only SAP Next-Gen lab and a SAP Next-Gen chapter.

As the service provider for SAP in the Asia Pacific Japan region, VU has supplied many different SAP products for over 160 universities, for use within higher education curricula and research.

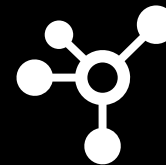

Students are empowered with the SAP knowledge and skills required to enter the workforce.

18 Countries in APJ

Over 160 Affiliate Schools

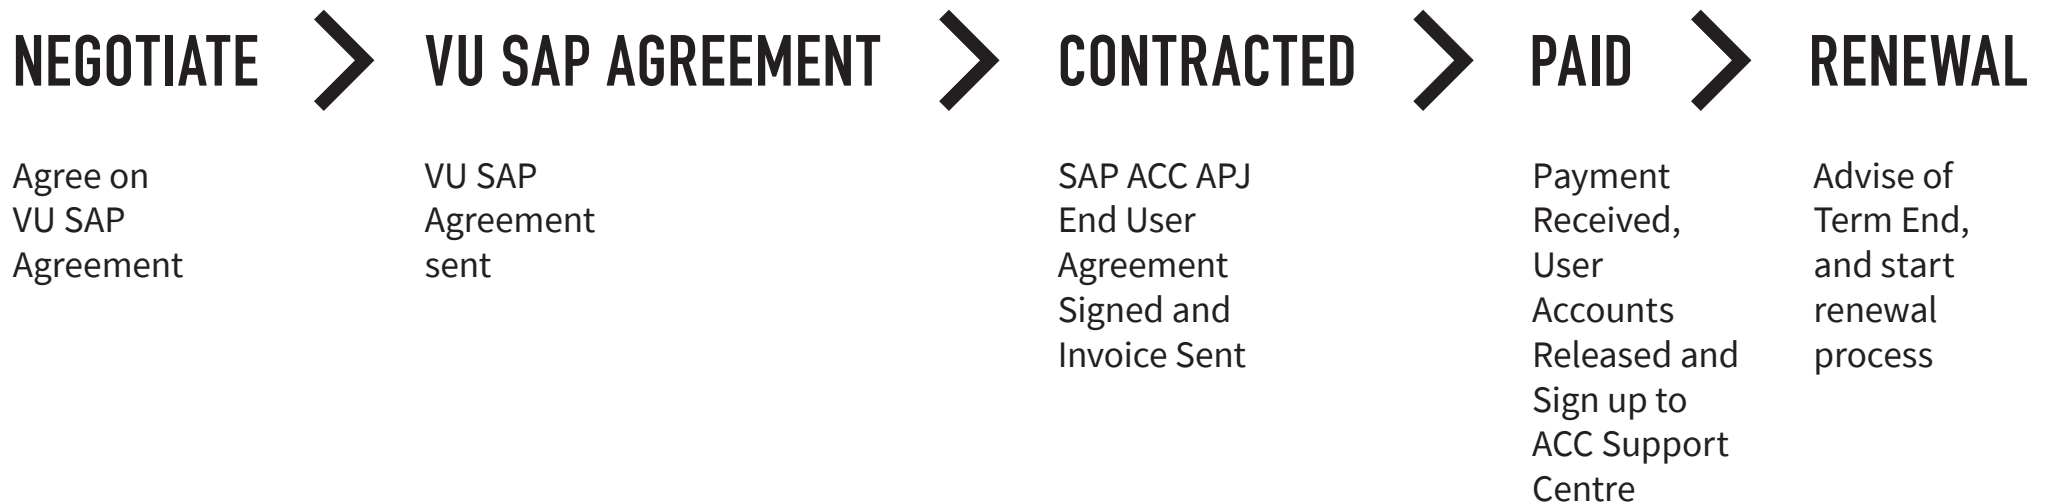

32 Fields & Disciplines

# BUSINESS PROCESS MAP

## All customers

We offer a complete portfolio of SAP solutions to fuel your learning, teaching and research activities.

The organization will pay the fee within 45 days from the date it receives an invoice.

# PACKAGES AVAILABLE

VU offers a complete portfolio of SAP solutions to fuel your learning, teaching and research activities. The packages are associated with SAP products offered to the University Alliances Program Asia Pacific Japan members.

Other products are also available with a surcharge associated with them, defined on a per request basis.

These products include CRM, SCM, I4.0/IoT with plant simulation, I4.0/IoT with physical plant, SAP Business One, and SAP Business By Design.
